

Proudly serving our communities through quality healthcare, Muskoka Algonquin Healthcare (MAHC) is a multi-faceted organization that includes the Huntsville District Memorial Hospital and the South Muskoka Memorial Hospital.

Diagnostic Imaging Manager

You will be responsible for the coordination and provision of diagnostic imaging services offered in multiple locations including two newly renovated DI departments (one site is completely digital including Mammography). Services across the sites include two CTs, an IHF clinic, Bone Density, Mammography (one site is OBSP), Nuclear Medicine, Ultrasound, and Echocardiography. You will work with a dedicated group of staff and Radiologists who provide seamless coverage across our sites. MAHC is also affiliated with Cambrian College as a clinical site for MRT students. Your registration with the CMRTO and current MRT experience are coupled with at least five years of progressive leadership experience within a unionized environment that enables you to effectively organize, problem solve, and provide guidance at an operational hands-on level while promoting an environment of teamwork and excellence.

Applicants interested in becoming a part of an energetic, caring team in a fast-paced and rewarding environment, can make enquiries or send a current resume to:

Harold Featherston, Chief Professional and Diagnostic Services Officer
